

# Natural Hazards *OBSERVER*

NSF/RA-800605

P882-192663

---

---

## INDEX

This index covers each issue of the *OBSERVER* from Volume I, Number 1 in September, 1976 to Volume IV, Number 3 in March, 1980.

Each entry indicates the Volume, Number, and Page on which the item can be found. Semi-colons separate subsequent citations when there are more than one.

To be of maximum utility, the index is divided into three parts: author index--all authors and receivers of grants; title index--all books, studies and articles; and subject index--all topics ever mentioned.

Author Index . . . . .	2
Title Index . . . . .	4
Subject Index . . . . .	8

The NATURAL HAZARDS RESEARCH AND APPLICATIONS INFORMATION CENTER is intended to strengthen communication between research workers and the individuals, organizations, and agencies concerned with public action relating to natural hazards. Please let us know of any research or research needs or other information which should be brought to the attention of the Center. The Center is funded by the Corps of Engineers, the Federal Emergency Management Agency, the National Oceanic and Atmospheric Administration, and the U.S. Geological Survey, acting through the National Science Foundation.

<b>16. Abstract (Limit: 200 words)</b> This index covers each issue of the <u>Natural Hazards Observer</u> from Volume 1, Number 1 in September, 1976 to Volume 4, Number 3 in March, 1980. Each entry indicates the volume, number, and page on which the item can be found. Semi-colons separate subsequent citations when there are more than one. The index is divided into three parts: author index--all authors and receivers of grants; title index--all books, studies and articles; and subject index--all topics mentioned.
